MUSE 2

Unified Communication Microphone with Inbuilt Speaker

Highly Sensitive USB Microphone with 360° Pickup

MUSE 2 is an industrial grade wideband conferencing speakerphone. It adopts the latest Sonic Clear IV High Definition voice processing technology, offering unmatched crystal clear conferencing experience. Instantly replace your traditional PC, Laptop or any Video conference terminal's speaker and microphone with crystal clear sound eliminating echo and distortion. MUSE 2 is suitable for small to medium enterprises, office professionals, distance education, huddle rooms, meeting rooms and business travellers for personal or small group conference calls.

Highlights and Features

Built-in high-fidelity all-pointing microphone offers 360 degree audio pickup

Plug and Play

Full duplex Audio
