BeBop Bridge

Unified Communication DSP

A Single Box Plug & Play Solution

BeBop Bridge

Unified Communication DSP
A Single Box Plug & Play Solution

Presenting BeBop Bridge, a single box Plug & Play solution for all your Unified Communication needs. It provides a bridging platform between your existing PA system and latest Unified Communication platforms. Convert your classroom, seminar hall, conference room, boardroom, training hall or any room having legacy audio video devices, into Unified Communications ready room with pre configured settings for conducting sessions free from noise and echo. With its high quality algorithm combined with high quality interface & EMI shielding, BeBop Bridge provides studio grade conferencing experience.

Highlights and Features

Studio Grade Audio Experience

Acoustic Echo Cancellation

Intelligent Noise Reduction

Support USB Audio

Supports Windows / Mac OS

Full-Duplex

USB 1.0 & 2.0 & 3.0 Compatible

Plug & Play

Applications

Training Rooms

Seminar Halls

Boardrooms

Court Rooms

Cafeterias

Conference Rooms

Corporate Video Meetings

Education

Meeting Rooms
